NEW PURE BLOOD DESIRED

OFFICIALS "WORKING IN" WITH CONTRACTORS TO GO.

Hedges' Claim Against the Government—Appointment of Rural Carriers for Indiana.

Special to the Indianapolis Journal.

WASHINGTON, July 21.—There is strong ground for the belief that the dismissal of Charles Hedges, superintendent of free delivery, will be followed by the retirement of several other very close friends in many instances the relative of division chiefs being employed by firms interested in securing department contracts. Although action may not be taken at once the statement is made that every such official whose name has been prominent in the investigation will ultimately retire.

Very little attention has been given by Fourth Assistant Postmaster General Bristow to the allegations that Mr. Rand, of Wisconsin, confidential secretary to the postmaster general, had impounded envelopes to purchase stock in a mining company in which he is interested. This inquiry is undertaken by the fourth assistant in accordance with instructions from the postmaster general. The charges so far made against Mr. Rand are not of a serious nature. A few days ago witnesses who were supposed to have knowledge of the fact as to Rand's alleged activity in the mining stock were examined by the fourth assistant. Mr. Rand has been away from the department several days on account of illness.

Charles Hedges, recently dismissed on a charge of falsifying his accounts, injected a little humor into the monotony of the investigation to-day. He made a demand for sixteen days' pay, claiming that he was entitled to it for the time he was away from the department on account of illness. He also demanded that he be given leave of absence for a little more than one-half of the recent fiscal year. Mr. Hedges will not only not get the pay he believes is his, but he will have to make up to the government to recover the amounts paid him on vouchers drawn as a result of the representations made by the former official.

There was a little breeze of interest in the department to-day occasioned by the report that Machen and Driggs will attempt to evade prosecution by combating the constitutionality of the federal statute under which their indictments were made. It was stated that the federal statute in question was declared unconstitutional by the Supreme Court of the United States in a case that was contested by former Senator Edmunds of Vermont, a number of years ago, where he represented a person similarly charged with the same offense against the government. The officials are not concerned over this matter, asserting that it is merely the attempt of the defendants to delay the trial by legal technicalities.

While the investigation continues to progress in Washington, George W. Beavers, former superintendent of the division of salaries and allowances, continues to play peek-a-boo with the legal authorities in Brooklyn. Late notices at the department are that there has been no change in the status of Beavers.

Four indictments resulting from the postal investigation are only to be returned by the federal grand jury in Washington on Monday. This is the fruit of the deliberations at which Postmaster General Payne hinted just before his departure on his ten days' cruise along the coast. The jury has had the cases under consideration for some time, and the indictments already have resulted in sweeping action on the part of the federal officials. It is understood that three postal officials and a contractor are involved. One of these parties is a resident of Washington. Extreme reticence has been observed regarding the cases.

LOOM FIXERS DESERT.

Withdraw from the Central Union of Textile Workers. PHILADELPHIA, July 21.—A serious blow was dealt to-night to the Central Union of Textile Workers, which is directing the textile strike, when the Loom Fixers' Protective and Beneficial Association withdrew from that organization. Similar action is said to be contemplated by the Beavers' and Twisters' Union, the Warrpers' and Warp Dressers' Union and the Power Loom Fixers' Beneficial Union, all of which met to-night to consider the matter. The most important reason for severing relations with the Central Union, as explained by President Clarke of the Loom Fixers' Association, is the growing belief among various unions that they can better serve their own interests by managing their own affairs. The McGraw mill granted the demands of the strikers to-day.

Cuba's First Congress.

Buffalo Express. Now that the Cuban Congress has adjourned after a session lasting more than a year, it is fair to say that this body has not only been the critics of the idea of Cuban independence, so far as the record of this Congress goes Cuba might be admitted as a State of the United States without the slightest fear that it would become a troublesome factor in the nation. Few State legislatures ordinarily show as high a degree of statesmanship and as much good sense as have been exhibited by this first Cuban Congress. Many of the State legislatures would compare unfavorably with it.

Mormons May Preach Once.

NEW YORK, July 21.—Mayor Low to-day refused an application made for ten permits for Mormon missionaries to preach in the streets of the city, but granted one permit to a Mormon missionary who had been expelled from the city for preaching in violation of city laws. The application of the Mormon missionary was granted on the condition that he should not preach in the streets of the city for a month because of complaints to the mayor that they were advocating polygamy.

United States Minister King, at Bangkok, reports to the State Department that inquiries have been made of him as to the chance of placing in the United States a loan of £1,000,000. He says that the proposed loan is for twenty years at 5 per cent., and that the general revenue of Siam are offered as security. According to the minister, an offer from other sources is now under consideration.

Replying to a question in the British House of Commons Friday, Gerald Balfour, president of the Board of Trade, said seven hundred cotton factories in Lancashire were working on short time, and 300,000 operatives were affected. This was due to the deficiency of cotton. The question of cotton growing in the British Empire, in order to create a supply outside that of the southern States of America, was receiving careful consideration, and the Board of Trade was prepared to give any practicable help to those interested in the matter.

The second session of the first national convention of the Furniture Association of America was held at New York last night. President W. S. Shaver, of Boston, was in the chair. Eugene N. Foss, of Boston, made the principal speech of the evening on the subject of "The Furniture Industry in America." Resolutions were adopted approving the "action of the United States government, through Senator Charles McNamara, to seek to reconvene the Anglo-American joint high commission for the purpose, among others, of negotiating a reciprocity treaty with Canada."

NOT GRANTED EARLDOM

VISCOUNT HINTON MAY NOW RETURN TO ORGAN GRINDING.

Famous English Case Decided by the House of Lords Committee Against the Claimant.

LONDON, July 21.—The committee on privileges of the House of Lords to-day decided against the claim of William Turner Thomas Poulett, Viscount Hinton, the former organ grinder in the streets of London, to the earldom of Poulett, and in favor of the late earl's son by a later marriage.

The whole case turned on the question of legitimacy of the claimant, whose evidence and also that of his witnesses was that at the time he was born his father was by his marriage with Elizabeth Lavinia Newman, who he married in 1847. It was also proved that the late earl, before his marriage, lived with an officer, Captain Granville. The claimant was born a few months after the marriage, and it was claimed that the birth was premature, which was supported by testimony. The late earl denied the acknowledgment by the late earl of the claimant as his son and asserted that on account of the time the late earl was in the army he was unable to marry. The court decided that the title to the property was vested in the late earl's son by a later marriage. John Lyndon Poulett, who is still a minor.
